Gordons London Dry

This is about as classic as gin can get. If you're looking for a true London gin experience Gordon's is your best bet for the night. It's the world's best selling London Dry and for good reason

Bombay Sapphire

This is a gin that almost makes you feel majestic when you drink it. With ten botanicals, it is a perfect concoction of everything good about gin. It has notes of almond, lemon peel, liquorice, juniper berries, orris root, angelica, coriander, cassia, cubeb, and grains of paradise. If you only have one gin on your shelf, this one should be a mighty contender for the spot
200/= Per Shot

Tanqueray

Tanqueray's base gin is fantastic, but the 10 kicks it up a notch or two. Distilled in a No. 10 still, the compact still imparts some very predominant flavor profiles that make this an ideal gin for your favorite summer cocktails. Just the smell alone is intoxicating
200/= Per Shot

Hendricks

When it comes to small batch gin, Hendricks crosses the finish line while the others were still tying their shoes. Infused with cucumber and rose petals, this is one of the most velvety smooth, yet refreshingly light gins on the market today. It works well with a wide array of cocktails but I probably wouldn't use it in a martini
